HMB SUBWAY NEWSLETTER

Hello Team,

WELCOME!!! Here is your exclusive edition of the newsletter. In this newsletter we shall stray away from our more normal newsletters of Subway Operations but give praise and recognition for all **Junior Achievement (JA) Volunteers**. First, let us tell you what Junior Achievement is about.

Junior Achievement (JA) is the world's largest organization dedicated to educating students about the workforce readiness, entrepreneurship and financial literacy through experiential, hands-on programs. Junior Achievement programs help prepare young people for the real world by showing them how to generate wealth and effectively manage it, how to create jobs which make their communities more robust, and how to apply entrepreneurial thinking to the work place. Students put these lessons into action and learn the value of contributing to their communities. Junior Achievement's unique approach allows volunteers from the community to deliver the curriculum while sharing our own experiences.

**Junior Achievement Conference 2012*

with students. Our HMB Subway team is just a few of the 382,637 classroom volunteers in the national JA program. Our job as a volunteer is to transform the key concepts of each of the lessons taught into a message that inspires and empowers students to believe in themselves, showing they can make a difference in the world.

Junior Achievement maintains an active vision, front and center, on how we can have a positive impact on the lives of more students guided by the core values:

- ** Belief in the boundless potential of young people
- ** Commitment to the solid principles of market-based economics & entrepreneurship.
- ** Passion for what we do and honestly, integrity, and excellence in how we do it
- ** Respect for the talents, creativity, perspectives, and background of all individuals
- ** Belief in the power of partnership and collaboration
- ** Conviction in the educational and motivational impact of relevant, hands-on learning.

Junior Achievement's Mission

“To inspire and prepare young people to succeed in a global economy.”

It's not an easy task. But it's the kind of challenge that JA takes on with the creative energy, fervor and decisive action

Recognition

These Volunteers over the years deserve recognition for their diligent commitment, inspiration, and generosity to Junior Achievement and to the students that they have taught.

Each volunteer has taken the time to be part of the Half Moon Bay community by teaching these young adults that attend Half Moon Bay High School of many valuable lessons that are offered through Junior Achievement. We would like to give each volunteer mentioned above for **graduating a total of over 300 students in the financial planning curriculum throughout the past 4 years.** Each of the volunteers has gained, not only a great reputation for Junior Achievement, but for Subway because volunteers have shown that Subway always strives to deliver positive impact to local communities.

The 2012 Experience

We would like to thank **Arthur and Robelyn** for success on this year's current Junior Achievement Curriculum. During an interview with Robelyn and Arthur, they mentioned how honored and privileged they both felt in being part of Junior Achievement. Many of the students that they taught during the semester had not only gained vital information for the success of their future but gained an experience of a life time. Arthur and Robelyn mentioned that they had formed a bond with many of the students and enjoyed the class discussions as well as being able to educate students through experiences that they had faced in their own personal lives. They were also very grateful to receive a donation in the form of a Giant Sub from HMB Subways. During the JA graduation celebration, the students felt very honored to not also receive a certification of completing JA but were very grateful to the donations made by the two sponsoring companies, Intel and VG Subways.

A Big Thank You!!!!

We would like to thank our Junior Achievement Sponsors, volunteers, teachers, students and anyone else that contributed to the success of contributing to Junior Achievement's Mission Statement. We would like to give a special thanks to **Ms. Sharon Preston** for devoting her time to meet with each volunteer to give a full orientation and JA teaching kits as well as to provide great motivation for first time volunteers, and to **teacher Christina Eakley**. We would also like to give a special thanks to **Mr. Heron Sanchez, Ms. Rosi Antonio** and the Subway staff of Half Moon Bay for providing donations to Junior Achievement. We would also love to give a great big thank you to our two sponsoring companies, **Intel and Subway**, for their consistent donations toward funding the Junior Achievement in Half Moon Bay and San Mateo (**owners Vera Novosel & Gus Yacoub**). We also give a great big thank you to the JA San Mateo Junior Achievement Board members for their generosity and time.
